Art Scholarship For Talented AHS Junior

By Lynn Berling

Talent reared its beautiful head on November 5, when Albany High School junior, Darcy Grigsby, brought home a full four-year scholarship worth $4,800. Darcy took first place in the Insight Out Art and Film Festival.

The festival, sponsored by the Coca Cola Bottling Co. and the KYA radio station, was held to expose and develop high school art talent.

Darcy won over the cream of the crop of Bay Area high school artists. She entered nine different paintings and drawings in several different media.

Darcy's scholarship is to the San Francisco Academy of Art, the well known art school.

Another AHS student, senior Sandy Geyer, won a $200 scholarship as an honorable mention.

After accepting the congratulations of the judges and sponsors, Darcy ran down the aisles to wrap her arms around AHS art teacher, Elizabeth Skelton.

"The encouragement that an art teacher gives is about 75 percent of an artist's ability," commented Gerry Shea from KYA.

Mrs. Skelton stood glowing almost as brightly as Darcy and Sandy.

The judging panel was confronted with a stupendous array of artistic ability and found the judging process difficult and time consuming. It took over three hours of intensive study for the final decision to be made.

Through a stroke of luck Darcy's mother was on hand to witness her daughter's triumph. "I even took off from the office and I'm glad I did," she beamed.

The judging panel consisted of well known Bay Area artist, Ruth Asawa Lanier; Hayward King, curator of the John Bolles Gallery, and Dr. Mark Luca, an art professor at the University of California at Berkeley.

Perhaps Sandy Geyer best expressed both artists' emotions after their triumph, "I think I'm going to faint."

Postmaster's Timely Hints

Berkeley Postmaster William Wollman is offering suggestions on how Berkeley, Kensington and Albany residents can help the Postal Service make everyone's Christmas be on time. These suggestions deal with mailing parcels and cards early and carefully.

When mailing parcels, several dates should be kept in mind to assure delivery service before Christmas Day. For Armed Forces personnel overseas, Christmas parcels up to 5 pounds and 60 inches in combined length and girth can be sent "Space Available Mail" until November 19. The charge is only the regular domestic parcel postage.

Larger parcels (up to 30 pounds with the same size limitations) can be sent "Parcel Airlift" until November 26 for only $1.00 charge additional to the regular domestic postage. This service costs much less than charges that apply after this date for straight airmail.

Domestic parcels to be sent to distant states should be mailed no later than December 1. The recommended date for parcels sent to local and nearby areas is December 10.

An embargo on parcel post sent to Europe, Africa, and Latin America remains in effect during Christmas. Only airmail parcels to these foreign areas can be accepted.

Postmaster Wollman reminds local patrons to use good quality, sturdy wrapping materials for all packaging. This extra care will help insure undamaged delivery of gifts and prevent delays caused if rewrapping in transit is required.

Parcels should be insured realistically to cover full value, but not be over-insured. In case of loss or damage, only the **actual** value of the gift can be compensated.

Postmaster Wollman also encourages patrons to bundle Christmas card mail into "Local" and "Out of Town." Four of these labels are provided in the Postal Service Christmas flyer sent to all local families. Additional labels for bundling are available at local post offices.

"The key to efficient Christmas mailing is to mail early and carefully," emphasized Mr. Wollman. "Clear addressing, with the Zip Codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent for postage."

Albany Council Hears Citizens' Complaints

Citizens with a variety of complaints addressed the Albany City Council under the "Good of the City" last Monday night.

Don Nesbit of 816 Kains asked for a review of City Ordinance 67015, which bans non-operable automobiles on private property.

Nesbit stated he felt this ordinance was "unjust" to those who rebuild and repair their own autos on their own property, in their spare time.

Citing a list of possible violators he had checked out, including several local car agencies and service stations, as well as individuals with dismantled and totally wrecked cars left for periods of months and even years, Nesbit declared he felt mny home mechanics who were building dune buggies and/or repairing their private cars on their own property, were not impeding traffic or constituting a hazard to the neighborhood, and thus were being treated unfairly by being told to move their cars or have them towed away.

Vice-Mayor Joe Carlevaro (who replaced Mayor Call, who left near the close of the Council meeting to present some resolutions at the Veterans Memorial Building) suggested Nesbit give his list of violators to the City Administrator, who in turn would check with the Police Chief to see if they were, in fact, violations. Nesbit indicated he had an appointment to see Cheif Jensen on Tuesday.

During the discussion, Councilman Howell told Nesbit that the original ordinance was passed to curtail continual repairing in driveways and yards of residential areas, and Councilman Clark noted that when oil, grease and inflammable materials are left around on driveways and streets it definitely could constitute a neighborhood hazard.

A communication from Mrs. Roy Williamson, complaining that the brick crosswalks on Solano Avenue were already breaking up, was referred to City Administration Officer, Jim Turner, who explained that the barracades had been removed before the work, in some instances, had been finished and traffic had gone over the bricks before they were ready for it. This problem will be corrected "at the contractor's expense," Turner said. He will so inform Mrs. Williamson.

Residents of the 700 block on Hillside Avenue called the Council's attention to problems being caused by the eucalyptus trees in their area.

On the morning of November 8, a one-hour power failure was caused by a tree which fell across the power lines. Noteing that sagging branches are endangering more power lines, and that sap secretions are staining the sidewalks and parked cars in the area, the Council was requested to either eliminate the trees altogether, or prune the branches high enough to eliminate the trouble.

The Council instructed Turner to investigate the matter and notify the proper authorities (possibly the PG&E) of their responsibility. He will report back to the Council on his findings.

Mrs. Anne Draper of 846 Solano Ave., a member of the Amalgamated Clothing Workers of America, AFL-CIO, and a delegate to the Central Labor Council, called the Albany Council's attention to a number of labor bills that the League of California Cities had opposed recently in Sacramento.

Claiming that the League had gone beyond its purpose and goal of protecting cities of the state, by hurting the working men and women by opposing many bills favoring them, she requested that the Albany Council consider severing its ties with the League because of its harmful legislative attitude.

In answering her, Council members agreed that the League should not have become involved with many of these labor bills. However, they could not agree that they should sever their relationship with the League. Instead, they will ask that a League representative meet with them to discuss why they seem to be taking an "anti-labor" position by their recent opposition to many Assembly and Senate bills.

Report Sent To New Committee

Last week the Albany School Board heard a report from the engineering firm of Sexton, Fitzgerald and Aplan, stating that it would cost approximately $2,087,070 to replace unsafe school buildings at Marin and Cornell schools, and $1,013,330 to bring the existing buildings up to earthquake standards.

Thomas Fitzgerald, a member of the engineering firm who presented the report, said that, in his opinion, the report "does not form sufficient basis" to conclude whether the buildings should be replaced or rehabilitated.

However, Architect William Corlett, urged Board Members to build new structures now, because making them earthquake safe merely "makes their bones more adequate," but does not necessarily rehabilitate them.

The Board has turned over the reports to the newly-formed Citizens Advisory Committee for further study, before making a final decision.

Openings For Preschoolers

Albany Preschool, located at 850 Masonic Avenue, currently has openings in the afternoon session for children three years, 10 months old to kindergarten age.

The school is a parent cooperative, organized under the direction of the Albany Parks and Recreation Department for the purpose of providing a play center for children from two to kindergarten age. It provides opportunities for the enrolled mothers to observe their children at play, while actively participating in the program.

A mother entering her child in the Preschool, must agree at the time of enrollment to join the Preschool Mothers' Club, attend one monthly meeting, and complete a 20-hour child study training course. This training course prepares the mother for participation in the Preschool program, as a supervising mother for one session every other week.

Anyone interested in enrollment information is asked to contact Mrs. JoAnna Montoya at 527-4623.

Charges Fly As Council Is Attacked On Dinner Meetings

A letter received too late for last week's Council agenda, has accused the Albany City Council of using "subterfuge to evade the provisions of the Brown Act, by calling your dinner work sessions public meetings simply because you publish a prior notice of their taking place."

Robert B. Elliott further noted: "These meetings, dinner work sessions, are held in such cramped quarters, that the members of the public (in numbers) who usually attend the subsequent formal meetings could not all get in. As a matter of fact, I find these dinner work sessions highly intimidating, since I as a citizen must stand, and I must constntly move out of the way of the waitress,"

Councilman Lewis Howell

Continuing his letter, Elliott said he found these meetings an unnecessary burden to the taxpayer and found no justification in spending city funds to feed the Council so they could "deliberate in illicit sessions."

He also charged the Council, because of a resolution barring tape recorders in Council Chambers, deprived him of "means to make accurate record of what transpires in public meetings" and interference "with individual's rights as free lance reporter and as private citizen to keep a record of what takes place at public meetings."

In answer to the accusations, Councilman Lewis Howell stated that the Council had never held a "dinner meeting;" the "door is always open" and everyone is always welcome to attend the work sessions, and that Elliott's charges were "bold face lies" which should be retracted by a public statement.

Howell further stated he was "seriously considering bringing legal action, as an individual" for defamation of character.

Mayor Hubert Call, in joining the discussion, remarked that he had never seen Elliott at any work session, and that only once had he noted anyone standing at a work session meeting.

A second letter from Elliott accused City Attorney Larry Saler of taking too much time in answering a request for information, concerning written prior notices to all meetings of the Albany City Council and its extensions.

Saler, in answering the accusation noted that Elliott's letter had come to his office while he was on vacation, but was answered as soon as possible upon his return to work.

"I'm allowed a vacation, like everyone else," Saler commented. "I'm not very impressed with his correspondence," he concluded.

During Monday night's meeting, Councilman Richard Clark, who had been absent last week when the letter was received, stated that he wanted it known that he had contacted his lawyer concerning possible criminal and civil action for "defamation of character." He also commented that he especially denied paragraphs two and three of Elliott's letter, which referred to the "dinner meetings."

Councilman Howell, in agreeing with Clark, reaffirmed his intentions of "seeking possible legal action."

Albany Dedicates Holidays

At the request of Ralph Hill and Hal Denham of the Albany Chamber of Commerce, the Albany City Council took action, Monday night, to dedicate the coming holiday season to Albany servicemen and members of the Peace Corps. On a motion by Councilman Joe Carlevaro, a similar proclamation concerning the prisoners of war, was also approved.

Correspondence included a letter from the Friends of the Albany Library, Inc., recommending the construction of a ramp and railing on one side of the library steps, for use of those confined to wheel chairs.

During a discussion of the matter, Administrative Officer James Turner indicated that the County had been contacted previously on this subject, but had indicated they had no funds available for such a project.

"They said it's up to the local administration," Turner told the Council, who instructed him to make a further study of the problem and report back.

A request from Fire Chief Gerald Browne, that the citizens of Albany be given the opportunity to vote for retaining parity between fire and police department wages, at the coming election next April was read.

"Today, when greater cooperation and coordination is needed, more than ever, a disparity could form a barrier between the departments," the Fire Chief noted.

On Councilman Lew Howell's motion, the Council voted to hold the matter over for two weeks, during which time they will meet for a discussion on the matter with the Chief of Police, the Fire Chief and a representative of the Civil Service Club and request a recommendation from the Civil Service Commission.

At the conclusion of the action, Councilman Howell commented that a similar proposal put before San Francisco voters, had been passed with a very heavy vote in their recent election.

Council action also included approval of Turner's recommendation that ABAG be notified that Albany will not oppose El Cerrito's application for funds to study geologic hazards in southwestern Contra Costa County and to make a master plan to develop San Pablo and Wildcat Creeks as invironmental assets.

The Council also took action on two requests presented by Councilman Joe Carlevaro—one concerning a charter amendment setting up qualifications for the position of police chief, and the other concerning the bonding capacity of the city.

Councilman Lew Howell, in his position as Police Commissioner, will meet with Chief Ralph Jensen, as the first step in preparing a charter amendment to be voted on at April's election.

The present charter only calls for the Police Chief to be a resident of the City of Albany, and, as Councilman Howell noted: "Some guidelines should be set up. At present, anyone can run for the office and win by a 'popularity vote.' "

City Attorney Larry Saler was instructed to report to the Council concerning Carlevaro's inquiries—"Where do we stand in regards to Section 34 of the City Charter. If the schools use up our bonding capacity—where do we stand?"

Absences Explained

Councilman Richard Clark's recent absences from Monday night Council meetings have been explained "for the record."

On Monday, Nov. 1, the Councilman was in Sacramento, discussing a Rapid Transit bill with Governor Reagan, and on Nov. 8 he was attending a Democratic fund-raising event in San Francisco, attended by Alan Cranston, Hubert Humphrey and other Demomratic dignitaries, seeking an opportunity to discuss with Cranston the possibility of securing some federal park and recreation grants for the City of Albany.

Holiday Program For Soroptimists

The spirit of Thanksgiving will be the theme of Father John J. Manning's talk to the members and guests of the Soroptimist Club of Albany's Thanksgiving luncheon. The luncheon will be on Wednesday, Nov. 24, at 12 noon, at Serb's Restaurant, 1045 San Pablo Ave., Albany.

Father Manning, a native of New York and a Marine Corps veteran, is a Maryknoll Father. At present, he is the assistant pastor of St. Jerome's Church in El Cerrito. He spent a number of years in Africa among the Wakuria tribe, on the northeast shore of Lake Victoria, as their parish priest. Later he transferred to Kenya to work among the Kisii and Kikuyu tribesmen. He returned to New York in 1969 and served as Chaplain to Phelps Memorial Hospital in Tarrytown, N.Y., then, in 1970, came to St. Jerome's Parish as assistant pastor.

Bette Rhodes, finance director of the City of Albany and president of the club, will preside. May Ellis Olson, chairman of the program, stated that visitors are welcome. For guest reservations call 525-0246.

Police Dept. Notice

Albany Police Inspector, Art Smith, would like to thank all residents who have helped curb the wave of purse snatching taking place in the Albany-El Cerrito Plaza area, by their vigilance and reporting of suspicious persons to the Police Dept.

Although purse-snatching incidences have decreased, Inspector Smith hopes Albany residents will keep on the alert and continue to report to the Dept. anyone who seems suspicious.

You can save money by choosing how and when you call long distance.
I'd like to remind you that it's possible to save quite a bit of money on many long distance phone calls you make within California. Just keep these things in mind.
First, you can save at least 20% on a three-minute station-to-station long distance call by dialing direct instead of placing it through the Operator.
Second, long distance station-to-station rates vary depending on when you call. The rates go down after 6 p.m. every night and on the weekends.
Here's an even better bargain. Between 11 p.m. and 8 a.m. every night you can now dial direct (without operator assistance) to anywhere in California for 49 cents or less, plus tax, for the first three minutes. This 49 cent station-to-station rate also applies from 8 a.m. to 6 p.m. every Sunday and on Washington's Birthday, Independence Day, Labor Day, Thanksgiving, Christmas, and New Year's Day, too.
6 P.M.
11 P.M.
8 A.M.

When you're going out for the evening, here are a few suggestions that may help both you and the babysitter relax. Write down the names of the places you're going, the phone numbers, and the approximate time you'll be at each place. Have emergency numbers, including the family doctor's, written down also. Then—having taken these precautions, a night out can be more pleasurable.

...nner Deadline Set

...bany United Methodist ...rch, for the fourth year, is ...ing a Thanksgiving Dinner Worship Service to those in Albany area who are lonely, ...e, or away from home at ...nksgiving.

...e dinner and worship will ...ally be on Thanksgiving Eve, ...nesday, Nov. 24. The dinner ...begin at 6:30 p.m. Reserva... must be made in advance, with the deadline being Monday, Nov. 22. The cost is a nominal $1.25.

Following the dinner, at approximately 7:30 p.m., a Thanksgiving Service of Worship and Praise will be open to everyone, even those who did not come to the dinner. Instead of a sermon the service will be composed of nearly all music. Guest artist will be Mr. David Flagg, lyric tenor soloist and recording artist.

SWITCH

In 1907, according to the National Automobile Club, Dr. Hanna Graham, a woman physician in Indianapolis, made news by making house calls in an automobile instead of a horse and buggy.

Mr. Flagg has been highly acclaimed by music critics in the Bay Area. His voice and spirit blend to make hearing him an inspiring experience.

Traffic & Safety

The Albany Traffic and Safety Commission is not only interested in traffic safety for Albany citizens, but for all types of safety.

In this vein, from time to time the Commission will be offering sound and up-to-date advice to Albany residents on a variety of safety precautions.

Are you planning on being away from home during the Thanksgiving or Christmas holidays? If so, these suggestions may be of help to you:

1. Follow suggestions given in previous columns concerning locked doors and windows, lighting, and window shades.
2. Notify a neighbor that you will be away and where you can be reached in case of an emergency. Leave a set of house keys so he or she can enter your house if necessary. If your car is in your garage, make sure to leave a car key also.
3. Adjust your telephone bell to ring softly, so that an unanswered phone will not attract intruders. It is not wise to have the service "temporarily disconnected," as this is a dead giveaway that you are gone.
4. Call your local police dept. and request a "vacation check."
5. Never leave a note outside for the postman or delivery man. This is a positive indication of your absence.
6. Stop deliveries of all newspapers and mail, unless a neighbor will collect them for you. If you live in an apartment, stop your mail delivery. A jammed-full apartment house mail box is a sure indication you are not there on a daily basis.

If you do live in an apartment, be sure to notify your manager or landlord where you can be reached and how long you will be away.

8. If you live in a house, make arrangements to have yard work done, or at least lawns mowed, if you are going to be away more than a week.

Albany High School PTA recently gifted the school's print shop with a paper folding machine.

The machine, which will fold several thousand sheets per hour, was put to its first real test last month when three jobs of 400, 1,000 and 1,100 sheets were folded during one class period.

Peter Pan Club

The Albany Park and Recreation Department's Peter Pan Club meets after school, from 3 to 5 p.m. at Cornell School, Tuesday; Vista, Wednesday; MacGregor, Thursday, and Marin on Friday.

Open to children in grades 1 to 3, those participating are learning how to work and play together, and are responding well to a varied program of arts and crafts and informal games.

Top priority is the making of paper bag turkeys for Thanksgiving, and small, used No. 12 bags are needed. Anyone wishing to donate some of these bags is asked to bring them to any of the above schools or to the Parks and Recreation Dept., 1000 San Pablo Ave.

The Dept. wishes to thank all those who donated scrap material for recent projects.

PASSENGER-CAR IMPORTS

The United States, reports the National Automobile Club, imported 707,972 new passenger cars from West Germany in 1968.

SENIOR CITIZENS

846 Masonic Ave.

By Kay (Sis) Haesloop

November 30 is the date for our trip to Dunsmuir House, formerly known as the Hellman Estate, to see antiques and Christmas decorations. $4.75 will include transportation and entrance fee. See Beulah for reservations.

Today, Wednesday, at 10:30 a.m. a Creative Retirement speaker; tomorrow, "Our Get-together" at 10:30 a.m. Those who have signed for "Turkey Day"—don't forget, we leave at 1:30 p.m. for Thanksgiving dinner. Friday at 10 a.m., Community Service; 12:30 p.m., Bridge Party. Sunday—cards, coffee and conversation. Monday 10 a.m. to 5 p.m. "Do Drop In;" Tuesday at 10—Craft classes.

A few highlights in Albany, during the "Building of a City:" The first year of Albany's incorporation brought much work and great anxiety to our new city trustees. As part of the work, six electric arc lights were installed—five along San Pablo Ave., with one at Miller's Barn (Brighton Ave.), one each at Portland, Main St. (Solano Ave.), Marin and Dartmouth, and the sixth in front of Cornell School.

In 1908 we were the City of Ocean View. However, in 1909 the name was changed to Albany, in honor of the first mayor, who was born in Albany, New York.

"Do Drop In," Albany Senior Center, 846 Masonic. 526-1601.

The refund includes eight certificates playable on the dice, roulette and/or 21 tables; a $2 meal ticket, two 60c Keno tickets and one cocktail ticket. Roundtrip fare is still $15 per person.

Free parking is available. For further information and reservations, please call Mary E. Ricketts, 525-2602 or 527-7292.

LANE HOPPERS

Hopping from lane to lane on the highways is not only illegal but dangerous. Road signs are posted to help save lives, says Liberty Mutual Insurance Companies, and ignoring them is literally taking your life into your own hands.

'PURSE SNATCHING'
'AUTO THEFTS'
'BURGLARIES'

These are all more common during the Christmas Holidays than the rest of the year.

Here Are Some Helpful Hints:

1. Should your purse be stolen and your keys along with it, be sure to change your locks.
2. Always lock your car and take your keys. (Even if only leaving it for a moment.)
3. Don't leave packages in view, put them in the trunk of your car.
4. When you must leave your car on the street at night, a hood lock and alarm would be a good investment.
5. When you leave your house, lock all windows and doors. A deadbolt lock is a must to properly secure your doors.

Most people realize that a professional burglar is hard to keep out, however, most of the crime is committed by amateurs that are easily discouraged by a reasonably secured house and seek out one that is quick and easy to enter.
